8. CCR Title: Install Adobe Acrobat Reader v.4.05 for IRIX 6.5 in EDF

9. Originator Signature/Date	10. Class	11. Type:	12. Need Date: 7/12/00
Lou Swentek 6/29/2000	IN	CCR	

13. Office Manager Signature/Date	14. Category of Change:	15. Priority: (If "Emergency" fill in Block 28).
William Knauss 6/30/00	Other	Routine

16. Documentation/Drawings Impacted:	17. Schedule Impact:	18. CI(s) Affected:MCI
	N/A	

19. Release Affected by this Change:	20. Date due to Customer:	21. Estimated Cost:
5B		None - Under 100K

22. Source Reference: ☐NCR (attach) ☐Action Item ☐Tech Ref. ☐GSFC ☐Other:

23. Problem: (use additional Sheets if necessary)
According to the current baseline, the Adobe Acrobat Reader is only installed on one IRIX machine at the DAACs. Since an increased amount of vendor documentation is provided in .PDF format, it would be desirable to have the Acrobat Reader available from all platforms.

24. Proposed Solution: (use additional sheets if necessary)
Install the Adobe Acrobat Reader in the /tools/acrobat4.05 directory. This directory would then be mounted on all IRIX 6.5 platforms. This CCR would install the Acrobat Reader in the EDF as a verification of the installation procedures and a checkout of the current version (4.05) of the Acrobat Reader product. Draft installation instructions are attached. The tar file is irix-rs-405.tar.gz (3444193353, 7933402).

25. Alternate Solution: (use additional sheets if necessary)
N/A

26. Consequences if Change(s) are not approved: (use additional sheets if necessary)
DAAC personnel will not be able to read .PDF files on most SGI platforms.

27. Justification for Emergency (If Block 15 is "Emergency"):

28. Site(s) Affected: ☒EDF ☐PVC ☐VATC ☐EDC ☐GSFC ☐LaRC ☐NSIDC ☐SMC ☐AK ☐JPL ☐EOC ☒IDG Test Cell ☐Other VATC SMC

29. Board Comments:	30. Work Assigned To:	31. CCR Closed Date:
Approval for IRIX-6.5 only. Other platforms will require another CCR.

Title of Change: Install Adobe Acrobat Reader v.4.05 for IRIX 6.5 in EDF

Note that these installation instructions are written for a DAAC environment. Minor changes may be necessary to perform the installation in the EDF environment.

Acrobat Reader software is distributed a tar file available from the SMC. This section contains instructions for installing the software after you have downloaded the Acrobat Reader.
1. Copy the tar file to the host listed in Appendix A (the MSS file server).
2. Uncompress and untar the file:
gunzip irix-rs-405.tar.gz
tar -xvf irix-rs-405.tar
3. Run the installation script:
cd IRIXRS.install
./INSTALL
(Note: A warning will be displayed indicating that the chosen configuration of Acrobat Reader will not run on your current platform. Enter "y" to continue the installation.)
4. Follow the instructions on the screen. You will be prompted to accept the licensing agreement. When prompted to enter the installation directory, enter /tools/acrobat/acrobat4.05 (enter "y" if prompted to create a new directory).
5. Create a link from the acrobat directory to the new version:
ln -s /tools/acrobat/acrobat4.05/bin/acroread /tools/acrobat/acroread
